## Time Allocation Addendum

In order to accurately and fairly evaluate your work experience for certification, clarification of your work history is needed. Your eligibility for certification cannot be determined until you provide NICET with a percentage breakdown of the total work time you have been engaged in each of the activities listed in your Conditional Decision Letter / Conditional Decision Letter Supplement (CDL/CDLS). Please estimate, to the best of your ability, the percentage of your total work time spent in each activity for the years indicated in your CDL/CDLS.

<u>Do not</u> add, combine, change or delete any of the activities listed in your Conditional Decision Letter / Conditional Decision Letter Supplement. Failure to provide the information requested in the format indicated will result in the rejection of this submittal and a further delay in processing of your application for certification.
