

Water-Based Systems Layout

Level I Selected General References

(Updated Exams Released July 8, 2024)

Candidates are permitted to bring only the following references into the test center:

<u>Title</u>	<u>Edition*</u>
1NFPA 13	2022
2NFPA 13D	2022
3NFPA 13R	2022
4NFPA 291	2022

*The test questions are based on the standard editions listed above; therefore, candidates are strongly urged to bring these editions to the exam. Candidates may bring older or newer editions—instead of the editions listed above—at their own risk.

Note: An NFPA Handbook will NOT be accepted as a substitute for any of the titles listed above.

References must be bound or secured in a three-ring binder with a title page (example provided on the main program page). They may have highlighted text and self-adhesive index tabs or dividers, however they must be permanently attached. No other additions or modifications to the references are allowed. Handwritten notes are NOT permitted. References with loose paper or pages and freestanding tabs (e.g., repositionable sticky notes/tabs of any kind) are not permitted into the testing centers.

During the exam, the following titles will be available to candidates on-screen:

NFPA 13 (2022): Standard for the Installation of Sprinkler Systems

NFPA 13D (2022): Standard for the Installation of Sprinkler Systems in One- and Two-Family Dwellings and Manufactured Homes

NFPA 13R (2022): Standard for the Installation of Sprinkler Systems in Low-Rise Residential Occupancies

NFPA 291 (2022): Recommended Practice for Water Flow Testing and Marking of Hydrants

In addition to the references listed above, the following publications can provide some of the job knowledge required by a water-based systems layout technician. While these books may help you prepare for the exam, they are NOT permitted in the test center.

5International Building Code (IBC) (2021), International Code Council (ICC)

6NFPA 14 (2019): Standard for the Installation of Standpipe and Hose Systems

7NFPA 20 (2022): Standard for the Installation of Stationary Pumps for Fire Protection

8NFPA 22 (2018): Standard for Water Tanks for Private Fire Protection

9NFPA 24 (2022): Standard for the Installation of Private Fire Service Mains and Their Appurtenances

10NFPA 25 (2020): Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems

11NFPA 101 (2021): Life Safety Code

12OSHA 29 CFR 1910: Occupational Safety and Health Standards

13OSHA 29 CFR 1926: Safety and Health Regulations for Construction
